

# CANOE SPORT

## A Word From Our Camp Director Linda

What a season we are having!! There is so much activity going on this year, be sure not to miss out on it all. There are still a lot of events planned for August as well as the Labor Day weekend which is full of events for all to enjoy. Keep in mind that the camp is an ACA member benefit, so all our events are planned with our members in mind. With that in mind, a guest is a person who is visiting an ACA member for a short period of time or someone checking the camp out prior to joining. Guests can visit only once unless they are visiting from out of town, then they can come to the camp for the duration of their stay. I hope this clears up any confusion regarding our guest policy. As always, feel free to chat with me regarding any concerns that you may have. This is your camp, you get out of it only what you put into it. Enjoy the rest of the season.

2. Everyone is required to pay the daily/guest fees or have a season pass.

3. A guest is defined as someone who is either visiting an ACA member, or someone who is

## Boat Storage Policy

- The American Canoe Association is not responsible for damage to or loss of boats for any reason, including (but not limited to) accidents, theft, vandalism, animal activity and natural disasters. All boats are stored at their owner's risk.

- There is no charge to ACA members who bring a boat into camp for the day. Boats may be kept on top of a car free of charge while the owner is visiting camp. All boats stored overnight on any type of rack at camp will be assessed a storage fee.

- ACA members who hold a season pass may store a boat on an approved rack for \$30 per season (5/1-10/15).

- Boats belonging to club members and club boats may be stored on an approved rack for \$10 per season (5/1-10/15).

- Clubs are assigned racks that each club will manage. The Camp Director manages all other racks. All

racks will be numbered; club racks will be clearly marked. The Camp Director is responsible for the assignment of storage spaces for general ACA members. The assigned spot is yours; do not take another person's spot.

- The Camp Committee will decide where and how many racks are in camp. Do not build your own racks without written permission from the Camp Committee.
- Facility holders may keep four boats stored on, in or under their facility at no charge. Any boats over this number may be stored in an assigned spot for \$10 per season.
- ACA members renting Bliss, Lakeside, Overlook, Hilltop and the camping area may keep boats at no charge for the duration of their visit in an assigned space, subject to availability. See the Camp Director for an assignment.
- Boats may not be stored on the ground, walkways, roads, parking lots, docks, tied up to docks, or moored in Lake Sebago. The Camp Director may grant exceptions, e.g. sailboat races. Written approval must be obtained from the Camp Director for these exceptions.
- During the day, boats shall be properly stored immediately upon end of use. No boat shall be left unattended on the ground, dock or tied up to a dock for more than fifteen minutes. Do not leave your boat on or tied to a dock; other people need to land and launch.
- All boats stored in camp for the season must have an official ACA boat sticker with a unique id assigned by the Camp Director.
- Clubs will provide the Camp Director with an up-to-date boat list. A Camp Committee member will periodically walk through camp and validate that the lists are correct.
- Any boat stored on a rack in camp out of season (10/16-5/5) will be assessed a \$100 off-season boat storage fee. Facility holders may store their boats inside or under their cabin or in the Pavilion without charge over the winter. The camp does not own boats for the use of ACA members. All boats in camp belong to either individuals or clubs. Do not use a boat without the owner's permission.

This policy comes into effect 2/1/2018

## **An Environmental Reminder from the Camp Committee**

Be aware that you may not cut, remove, pull or damage ANY plants or trees in the ACA camp (or anywhere in Harriman State Park).

The Palisades Interstate Park Commission, which manages our park, has set rules to protect plant life, which we all must follow. Here are some selections from those rules, which can be found in full at <http://www.njpalisades.org/pdfs/pipcRegulations.pdf>:

“Cutting, placing nails or screws into, or otherwise damaging trees or other vegetation is prohibited. No laundry shall be hung or spread on trees, shrubs or lawns. No person shall attach a rope, line or other device to a tree, shrub or structure. No person shall make an excavation on or injure, destroy, deface, remove, fill in, tamper with or cut any real or personal property, tree or other plant life.”

Be kind to the plants and trees in our camp! We have seen many violations of these rules lately: breaking branches because they're in the way; removing Mountain Laurel, which is a protected species; pulling “weeds” from paths (there's no such thing as a weed when you're in Harriman State Park); and trampling plants to make new paths through the camp. We are very lucky to be allowed to spend such extended time in a NY/NJ State Park! Some of our camp visitors even get to live here, overnight, for a week, or for an entire season. We must all keep in mind that every branch and blade of grass belongs to all NY and NJ citizens – and we do not have the right to decide that it annoys us or is unimportant.

You can see a list of protected plant species here: [govt.westlaw.com/nycrr/Document/I21ef-e775c22211ddb7c8fb397c5bd26b?viewType=Full-Text&originationContext=documenttoc&transitionType=CategoryPageItem&contextData=%28sc.Default%29](http://govt.westlaw.com/nycrr/Document/I21ef-e775c22211ddb7c8fb397c5bd26b?viewType=Full-Text&originationContext=documenttoc&transitionType=CategoryPageItem&contextData=%28sc.Default%29)
